

Neuville Motors is seeking a full-time, experienced, lead business manager.

The position requires a positive attitude, attention to detail, and a proven track record of success in the position. General Motors dealership experience is preferred, but not required. The position requires working to secure financing for guests that purchase vehicles in our store, presenting additional service plans and aftermarket products during the transaction and working with our internal staff to ensure accuracy of all paperwork completed.

Candidates must display a high level of customer service by listening to customer needs when determining the financial requirements of a transaction and be able to work efficiently with financial sources to secure financing as required.

Qualified and experienced candidates will have employer-provided health insurance, dental and retirement plans available. Hours are desirable with only two working evenings per week and a short Saturday. The position requires a 5-day work week.

Neuville Motors is a family-owned dealership, located in Waupaca, Wisconsin. We pride ourselves on treating our customers like family and having a fun, upbeat work environment for our employees.

They can apply by either dropping off a resume at the dealership or emailing one to [lindsay.neuville@neuvillemotors.com](mailto:lindsay.neuville@neuvillemotors.com)
