Business Description

**FULL-TIME EMPLOYEE EQUIVALENT CALCULATION**

Full-time Employee Equivalent (FTEE) should be based on an **AVERAGE** week

1. Indicate the number of employees (**excluding** one owner) working 40 hours per week.
2. Add up the number of hours worked by your part-time employees in an average week and divide the sum of #2 by 40.
3. Add #1 and #3 to determine the number of FTEEs. Round the sum up to the nearest 0.5.

Please complete the section that corresponds with your Business Category as selected on the Membership Agreement
